Achilles Group HR firm among Houston's fastest growing businesses

HOUSTON, Sept. 14, 2007—Achilles Group, an Houston-based HR firm, is featured by the Houston Business Journal as one of the fastest growing companies in Houston.

At a luncheon, Achilles Group, which becomes the HR director for small and medium sized businesses, was recognized by the Houston Business Journal as the 27th fastest-growing business in the city. The Fast 100, which identifies the city's fastest-growing companies, is featured in a special section of the issue of the Houston Business Journal, dated Sept. 14, 2007.

"There is no coincidence that our recent growth corresponds with company's desires to outsource and receive Fortune 500 HR expertise for half the cost of having an internal HR department," said Bill Bradshaw, vice president and founder of Achilles Group.

The Houston Business Journal Fast 100 ranks companies based on growth over the past two years. During that period, Achilles Group has grown 115 percent, with revenues increasing from \$350,000 in 2004 to nearly \$1.5 million in 2006.

About Achilles Group

Achilles Group (www.achillesgroup.com) becomes the HR Director for small and mid-sized businesses with 25-2,000 employees. Through a shared-services model Achilles provides human capital expertise for about half the cost of hiring an internal HR director. Typical clients include executives looking for an alternative to building an HR department and companies outgrowing their current HR capabilities. Started in 2002, Achilles Group provides performance-driven HR services in support of business goals for more than 12,000 client employees in over 30 states.
